Substance Use Evaluation

A comprehensive substance use evaluation includes:

- 1.5-2 hour Interview
- Diagnostic Assessments
- Collateral Interviews
- Written Results

Written or verbal findings are provided. The format in which the final report is completed depends on upon the Court, attorney input, and financial resources. Choices are as follows :

- **Preliminary findings only**
Verbal report of the preliminary findings
Estimated interview and consult time: *2-2.5 hours @ \$165 per hour*
- **Findings and recommendations report only**
1-2 paged written summary that includes the findings and recommendations only.
This report does not include a discussion of the findings.
Estimated interview and report time: *2-2.5 hours @ \$165 per hour*
- **Summary report only**
2-3 paged written summary and discussion of the findings and recommendations
Estimated interview and report time: *3.5-5 hours @ \$165 per hour*
- **Full report**
6-9 paged detailed report
Estimated interview and report time: *6-9 hours @ \$165 per hour*

Note: Standard methodology is used for all evaluations no matter the report format. All written reports will be sent to the Court, CCRC/evaluator, petitioner and respondent, and attorneys. Reports require a minimum of 2-3 weeks to complete after the initial interview.

Additional Services:

- **Clinical Monitoring**
- **Relapse Prevention Planning**
- **Attorney Consultation**
- **Expert Witness**
- **Addiction Related Counseling**
- **Mediation Preparation**
